Welcome to Sunshine Beach Outside School Hours Care Program.

This handbook has been developed as a guide for families using our service.

Our Outside School Hours Care Program aims to provide a safe, secure and stimulating environment for children at the highest possible standard.

Please read this handbook and keep for your reference.

We hope your child/ren enjoy their time with us.

Philosophy and Goals for Outside School Hours Care

Sunshine Beach (Jellybabies) Outside School Hours Care Philosophy is guided by children's, families and educator's input, ideas and belief systems. Our philosophy, like our program, fosters children's well-being, development and learning through recreational experiences. Our outcomes and our centre philosophy combine to guide program decision making for children and educators to reflect on and to promote children's opportunities for being, belonging and becoming.

We meet our aims by following our centre's guidelines and procedures and by utilising information from "My Time, Our Place Framework for School Aged Children in Australia".

In relation to children we believe we should:

- Provide a safe and healthy environment where a program of activities is delivered that promotes play and involvement for all children as well as a strong sense of well-being and belonging.
- Provide nutritional afternoon tea, to foster the children's sense of health and well-being.
- Consult with children and families to build a secure, trusting, caring and fun environment which encourages their involvement in the centre and by role modelling fairness and respect for one another and our environment.
- Understand and respect that each family and individual in our community is unique with their own individual interests, abilities, beliefs, customs and cultures.
- Show support through our centre and our management to children, families and staff by providing information, guidance, training, our centre's guidelines and procedures and open communication systems.
- Promote through our program the importance of play where children:
 - a. Learn at their own pace through involvement
 - b. Are given opportunities to create, explore, experiment, be active
 - c. Practice skills
 - d. Interact with others whilst being engaged in various experiences.
- Ensure children have the right to be cared for in a comfortable, relaxed, safe, secure nurturing environment.

- Provide for educators and children alike to work and play in a harmonious, happy, supportive environment where open communication is encouraged and respected and teamwork is valued.
- Ensure children connect with the community through our centre's involvement in excursions, incursions and special events.

1. Introduction

Our Outside School Hours Care Program is a service provided to local families with children attending Sunshine Beach State Primary School and St Thomas More Primary School. The program was established in 1996 and has been built up to the successful program it is today.

1.1 Services Provided

National Quality Standards aims to provide school age children in outside school hour's care throughout Australia with high quality care that best promotes their learning and development while recognising the importance of social interactions and recreation.

The broad objective is to ensure that children in outside school hour's care have stimulating, positive experiences and interactions that foster their self-esteem and confidence.

The Childcare Subsidy (CCSS) is accessible for all families, as the programs at this centre are funded by the Commonwealth Government.

1.2 Confidentiality

Staff are required to maintain strict confidentiality and not disclose to any unauthorised person any confidential and private information regarding staff, children or families/caregivers.

1.3 Communication

Communication is a vital part of providing a quality service to families. The co-ordinator is available most days to discuss any issues or concerns you may have however due to staffing ratios it maybe necessary to make an appointment.

1.4 Policies and Procedures

Jellybabies is committed to providing quality service driven by the policies and procedures which have been developed and reviewed with parent, children and staff involvement then adopted by the management. They clearly state what the service will provide and how it will be provided. These policies are kept in a folder in the office and are available to families on request.

2. Service Information

2.1 Operation Times

Program operating times for the Outside School Hours Care Program are:

Before School Care	6:30am-8:30am
After School Care	2:30pm-6:30pm
Vacation Care	6:30am-6:30pm

2.2 Fee Structure

Fees are set out to cover the costs of the program and are subject to change.

Fees are charged on a per session basis, per child. Fees are charged for all booked sessions. Attendances are entered into the computer the following week for the previous week attendances to calculate the fees payable.

Fees can be paid by cash, cheque, EFTPOS or credit card over the phone. Fees can also be paid directly into the bank. See staff for details.

Payment plans can be negotiated with management, if financial difficulties occur. Unpaid accounts will be placed into the hand of a debt collector. Children will not be accepted back into the program until all accounts are settled. If your account continues to be over \$200.00 administration will contact you to have the account paid. If payment is not received by an agreed date, the centre will withdraw your child from care.

All unpaid fees will be placed in the hands of our debt collector.

2.3 Fees

Full fees are costed per session.

Before School Care	\$19.00 (max before CCSS)
After School Care	\$40.00 (max before CCSS)
Vacation Care	\$90.00 (max before CCSS)

If your child is unable to attend any session that they hold a booking for you will be charged at the normal rate. (See also Non reported absences for additional fees where we have to search for a child).

Public Holidays

Children who would normally be booked in on a day that falls on a public holiday, accounts will be charged accordingly. Public holidays are included in the initial 42 absence days if the service would have normally provided care to the absent child on the public holiday, and if fees have been charged in respect of the absent child for the day.

Vacation Care

Vacation Care fees are payable in full, including excursions/incursions when booking in. All outstanding Before and After School Care fees need to be paid in full before booking in for vacation care.

All Vacation Care fees must be finalised before commencement of the program.

Staff are rostered to meet the required ratio of children attending. The cost of the excursions and special events is in addition to the daily fees. Children attending excursions must have the appropriate permission form signed. No refunds are given for excursions booked and not attended.

Initial Absences

Each child is eligible to receive CCS for an initial 42 absence days per financial year. These absences can be used for any reason, provided care would have otherwise have been provided on the absence day. No evidence of the absence circumstance is required for the initial 42 absence days. If a child has already used their initial 42 day's absence no further absences should be reported, unless those absences are Additional Absences.

Additional Absences

Once a child has used all their initial 42 absence days, additional absences will require supporting documentation such as:

- A medical certificate
- Parent's rotating shift or rostered day off
- Shared custody arrangements.

There is no limit on the number of additional absences, provided relevant supporting documentation is produced.

Cancellation of Service

If you are cancelling your child/ren's care permanently it must be in writing and handed to the Director at least 2 weeks prior to your intended cancellation date. If you don't notify the service of your intended cancellation of care full fees will be charged.

Shared Care

Where a child is cared for separately by both parents and one parent does not require care, full fees will apply for those days of unused care.

2.4 Late collection Fee

All children are to be collected from the program no later than 6:30pm.

There is no provision for children to be picked up after 6:30pm which is the time staff finish work. If staff are put in a position where a child is not collected by 6:30pm, a late fee of \$2 per minute per child will be charged up to 2 hours. Staff will endeavour to contact the families or emergency contact person nominated. If no contact can be made with the families or emergency contact, the following procedure will occur:

- If we are unable to contact either emergency contacts or parent/guardian, the child will be cared for at the centre for up to 2 hours. After this time Child Safety will be notified and the child will then be placed in the care of an authorised officer.
- A contact number will be left on the door of the centre for you to contact the officer. You will need identification to collect your child. Police will be notified.

Late fees do not attract CCS and is the full responsibility of the parent/caregiver.

A staff member will assist the integration of a prep child into all aspects of the OSHC Program.

3.5 Evaluation

We believe continual assessment and evaluation of the program by the educators, parents and children is an integral part of program planning. In order to facilitate this belief, the program will undertake various surveys throughout the year in order to gain information for future planning. Children, parents and staff will be surveyed to ensure the program offered reflects both children and parental needs and interests.

7.6 Head Lice Policy

A child found to have head lice will be separated from the other children and asked to wear a hat on their head to prevent the spreading of the lice. The parents will be notified immediately and asked to collect their child and begin treatment.

A child found to have eggs will be asked to wear a hat in case of eggs hatching which will ensure prevention of spreading to others. Parents will be notified of this procedure with the recommendation of collecting their child to begin treatment.

Whether eggs or live lice are detected the child's head will also be sprayed with tea tree oil and water. If other children request they will have their heads sprayed also.

A sign notifying parents/caregivers that there has been a case of head lice detected will be placed on the attendance sheets.

Behaviour Procedure

This procedure was developed to establish a process of dealing with behavioural problems in the Outside School Hours Program.

The process for dealing with children's behaviour:

1. Staff try regular behaviour management
2. Staff try extra strategies for management of difficult behaviour
3. Staff take the child and talk seriously to them about their behaviour
4. Staff speak to parents to work out strategies to deal with the behaviour
5. An incident form will be completed which will be given to the parents and the Director and staff will speak to the child and the parents
6. If a child endangers himself/herself or others physically for the safety of all parents will be requested to collect their child from the centre
7. After all strategies of behaviour management have been in place and the inappropriate behaviour continues and the centre deems this unsafe then suspension of the child will be imminent.

9.7 Inclusion

Our program offers a non-discriminative approach to programming, which is inclusive of all children. Consideration is given to factors such as culture, ethnicity, language, gender, social class and ability when planning the children's program.

The program responds to individual needs, interest and request by providing a range of activities for all children attending the service. The children's program offers a balance of activities, ensuring flexibility and providing for child-initiated activities. Children and parents are consulted when staff are planning the program to ensure that it meets the needs of all concerned.

SBCCC ensures that all children including those with additional needs participate in the planned activities of all the program.

9.8 Computer Use

Children are allowed access to the computers in the rooms under supervision.

9.9 Toys From Home

The service recognises that children sometimes bring their own toys (named) to school, however children are responsible for these toys whilst at our program. Toys that are not named and are left at the centre will go in to general use. The centre does not take any responsibility for toys, games, mobile phones etc children bring from home.

9.10 Computers, Televisions, Video Games, Electronic Games

The program endeavours to reflect children's interests in the program, therefore activities such as videos, television, computers and electronic games will be offered within a balanced program of activities. The amount of time children can participate in these activities will, however, be limited.

The service will ensure that the content of program and games will be appropriate for all children present and will not contain any physical or verbal violence or ridicule.

On occasions PG dvd's/electronic games may be viewed under supervision of staff. Parents can request their children to not view these by indicating on their enrolment form then alternate activities will be arranged to meet their needs.

9.11 Homework

As part of the children's program, the staff will provide a quiet, safe area for children to undertake homework tasks. Given the number of children and other activities provided, the service cannot take responsibility for completion of homework – this is the responsibility of the parent and the child. Parents are encouraged to discuss their child's individual needs with staff.

9.12 Celebrations and Festivities

The OSHC Program acknowledges that celebrations and festivals assist children to learn about other people and cultures. To facilitate this, the service will endeavour to include a variety of celebrations and festivities throughout the year within the children's program. The program will include a range of experiences representing everyday life.

We do encourage parents to help in these celebrations eg. bringing in a cake to celebrate their birthday as well as to provide ideas into in the program and help select materials for the provision of culturally relevant experiences.

9.13 Alterations to Program

Activities are subject to change due to flexibility of delivery of the program and the children's needs. You will be notified of any significant changes to the program.
